NEW
& IMPROVED

marmox multiboard

Waterproofing • Insulating • Drylining

Showerlay

Point Drain (mm)

Linear Drain (mm)

Key Benefits

- Fully waterproof
- Ready-to-tile
- NEW easy access drain
- NEW sizes
- NEW integrated fleece
- Lightweight yet strong
- Can be trimmed on all sides up to 100mm

The Marmox Multiboard Showerlay range makes it possible to create tiled, walk-in showers with a secure waterproof base that fits seamlessly into any bathroom or wetroom.

Each Showerlay is produced from Marmox Multiboard with a new integrated fleece layer, ensuring reliable waterproofing around the edges and easy adhesion to tile adhesives.

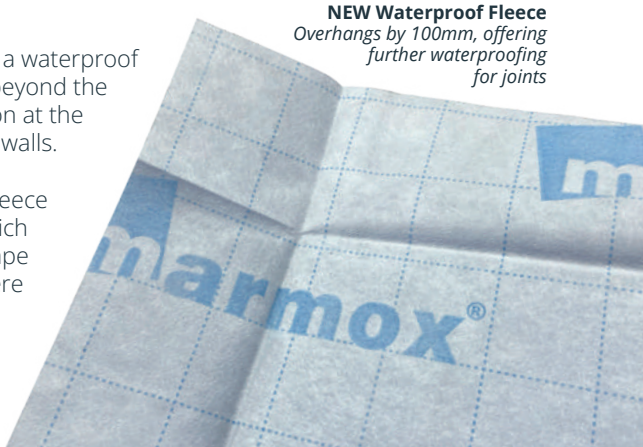

Featuring a NEW easy access drain, various NEW sizes, and the ability to be trimmed by up to 100mm on all sides. The range offers flexibility for different layouts and room dimensions.

Built-in Waterproofing

All Showerlays are now supplied with a waterproof fleece surface that extends 100mm beyond the tray edge, providing reliable protection at the joints with the surrounding floor and walls.

The Showerlay and the overlapping fleece are fixed using tile adhesive, after which Marmox Self-Adhesive Waterproof Tape is applied along the fleece edges where they meet adjacent surfaces.

NEW Waterproof Fleece
Overhangs by 100mm, offering further waterproofing for joints
